**Thankyou RungaTrans  
for your fantastic support ofLindelani!**

**LINDELANI** is a young man with severe cerebral palsy. He was abandoned by his mother shortly after his birth. Lindelani joined our CREST Centre in 2002. Crest stands for: Centre for Recreation, Education, Stimulation and Therapeutic activities.

Lindelani is dependent on our staff for all his needs. He thoroughly enjoys attending our Centre.

His mobility is limited due to the low tone in his limbs and he has a speech impediment. To assist him to communicate, he uses a special communicative device with picture symbols and pre-recorded words on it. When he presses the relevant button, the device sounds the appropriate word, which enables him to ask for things or respond to questions.

**LINDELANI has a fantastic outlook on life** and does not let his limitations get him down. **He is always smiling and laughing.** He particularly enjoys listening to stories, music and playing cricket with his friends at the Centre.

We have a group of friends, called PAWS, who visit our Centres regularly. As you can see on the photo, this is a highlight for Lindelani.
